

Please follow the below instructions to submit your individual abstract as part of your accepted symposia for the ISPGR World Congress 2022:

Please make sure you have all information required to submit your abstract:

- A confirmed title for your abstract
 - Names, affiliations and basic information (including email) of all authors associated with your submission
 - A written abstract 200 - 500 words (up to 3000 characters including spaces)
1. [Login here](#) to submit your abstract (to reset your password, click on the 'forgot your password?' link)
 2. Read the instructions carefully to ensure that all authors are listed correctly, and in the order that they should appear in the program. The submitter is always the primary author. To add any secondary authors, please click on the 'add secondary author' button.
 3. On the next page tick the box with the symposium title that you are associated with, then click next
 4. Finally, include your abstract in the text box provided. If you are planning on copying and pasting the text into the box, please do so from Note Pad, as copying directly from a Word document can create formatting issues
 5. Hit the finish button to submit your abstract, you will receive a confirmation email within 24 hours. If you do not receive this, please [contact us](#)
